

Start date – Monday 16 November 2020

Completion – Friday 18 December 2020 (Weather Dependent)

Scheme type – Carriageway resurface, Back Lane, Bouverie Road, Martins Lane, Ilex Close, Massey Close, Ansell Way & The Green

Traffic management – **Road closure**

Hours of work – 08:00 – 17:00

What we are doing/the benefits – Northamptonshire Highways are scheduled to carry out some resurfacing works on Back Lane, Bouverie Road, Martins Lane, Ilex Close, Massey Close, Ansell Way & The Green. These works will improve the structural stability of the road, increase skid resistance and improve safety for road users. Ironworks will be renewed, road markings will be reinstated and gullies cleansed to ensure best use is made of the closure and to minimise disruption for residents in the future.

COVID-19 message from Northamptonshire County Council.

Our Government identified key workers are carrying out essential highway works for us, whilst maintaining social distancing and following all COVID-19 guidelines to ensure the health and safety of our workforce and residents.

Northamptonshire Highways, its contractors and suppliers are identified as key workers as defined by the government: ***“those who will keep the air, water, road and rail passenger and freight transport modes operating during the Covid-19 response including those in supply chains”***, and that these works have been defined as essential works by the government.

Our priority is to keep the highway network open and safe. We are also working to keep on programme with highway works to improve communities and repair roads

We would like to assure you that all of our site teams have been extensively briefed on all Government Guidance regarding social distancing, increased cleanliness and working within communities. The Government has also permitted that workers, where necessary, may be in groups of more than two to undertake works and that, whilst the 2-meter physical distancing rule should always try and be achieved, this would not always be practicable.

To eliminate the need to knock on doors and help us with our work, please could you move any vehicles parked within this section of the road. Thank you for your understanding, patience and co-operation.

Information for residents

Phase 2 Traffic Management

When programming works, we consider the impact on all network users and plan our works to minimise disruption as much as possible.

The road will be closed to ensure the safety of the public and our workforce within the highlighted areas in **red**.

During working hours vehicular access will be restricted for residents of Bouverie Road and the adjacent cul-de-sacs. We aim to maintain access **ONLY** for emergency vehicles.

Pedestrian access will not be affected. During the road closure a diversion route, as shown in **blue**, will be in place at all times. The red line shows the works extents and the blue line is the diversion. Refer to www.one.network

Access: The traffic management will be in place for the duration of the work, and vehicle access to your property will be restricted. We aim to maintain access and egress to properties of the residents within the closure but there will be some prolonged delays. We ask that you allow longer for your journeys. Please refer to the below information regards vehicle access.

Businesses: We ask that during the works people park legally within the village and walk to any businesses affected by the closure. Thank you.

Phasing

The following road closures will be in place in the following phases:

Phase 1: 16 to 30 November no vehicular access to residents of The Green Junction of High Street, Back Lane & Illex Close between 08:00 to 17:00 hours.

Phase 2: 24 November to 7 December no vehicular access to residents of Bouverie Road between 08:00 to 17:00 hours.

Phase 3: 7 to 18 December no vehicular access to residents of Martins Lane, Massey Close & Ansell Way between 08:00 to 17:00 hours.

Pedestrians: Pedestrians are not affected during the works, pedestrian marshals will be on site to assist.

Contact: Should you have any concerns or wish to discuss these works or any access arrangements please do not hesitate to contact me on the number below.

Towaway – moving vehicles parked in our workspace.

We have been working with Northamptonshire County Council and have agreed that unlawfully parked vehicles, that are preventing or hindering the works taking place, may be relocated to an adjacent street. This will be carried out by an approved contractor and vehicles will be moved to somewhere nearby. Please

look out for the signs in your street. We will try to find the owners of parked vehicles and Towaway will only be used as a last resort.

If you are able to move your vehicle, please look out for the signs as shown above. These signs will also be located on your street detailing the closure dates, please ensure your vehicle is relocated away from the works area. Your assistance and cooperation will be very much appreciated.

We understand that it may not be possible to move your vehicle at this time, if this is the case, please contact the Site Manager (details below) to discuss how we can help.

If your vehicle is towed away, please call 01908 610568 and select Option 1 for details on where it has been relocated to.

Our Commitment to You

Northamptonshire Highways is committed to the consistent improvement of the places and spaces in Northamptonshire and to working closely with local communities, residents and businesses to build a better County. We promise to

- Keep the public informed of our programme and any changes
- Minimise disruption
- Co-ordinate with other road works

Contacting us

To ensure we deal with all enquiries and defect reports correctly, please use our online public reporting service, Street Doctor. This process ensures issues are recorded and dealt with appropriately. Once reported you will be issued with a unique reference number and be able to follow the progress of your enquiry.
